PORTERVILLE — Supervisor Charles J. Cummings officially announced his candidacy this week for reelection to the First District seat on the Tulare county board of supervisors.

In 1959 he was appointed by Edmond G. Brown, then Governor of California, to the Tulare County supervisor post. He was elected by the people to serve two more four year terms. He is now serving his second year as chairman of the board.

Cummings was born in Cooktown, Queensland, Australia in 1899. He was left an orphan when he was four years old, and was brought to Tulare county in 1906 by his grandfather, Lee McGee, an early Tulare county pioneer.

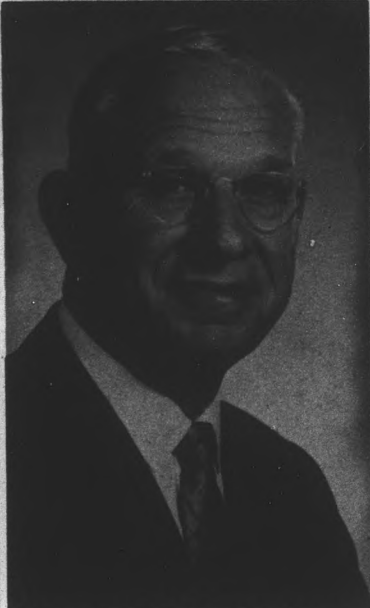

He was raised on a cattle and grain ranch owned by the Braly brothers near Ducor. He was educated in the Wheatland and Ducor grammar schools, the Livermore and Porterville High schools, and the University of California at Berkeley.

In his high school senior year he was president of his class (His wife, Elizabeth, was vice-president). He was the captain of the varsity football and basketball teams, and was the manager of the El Granito.

In 1920 he married Elizabeth Velie and they have two sons — Ward a Cap-

Editorial Comment

ANOTHER CLASS GRADUATES FROM PORTERVILLE'S UNUSUAL SCHOOL

We suspect that a great many people in the Porterville community do not know that a horseshoeing school operates out on Henderson avenue at Jaye street - but this school has just graduated its 14th class, and, early in March, will start its 15th class through the prescribed three-month course.

Since the school was organized more than three years ago, students have come from most of the states of the union and from Canada. These students are now plying their trade of horseshoeing throughout America - and a good solid trade it is.

Actually the horse is far from vanishing from the American scene, in fact there are more horses in America now than there ever were in the good old days.

And horses have sort of gone highbrow, or at least their place in the scheme of things has changed from the role of work animal to the role of pleasure animal to a great extent. And horseshoers today find a ready market for their skills in the midst of great metropolitan areas, as well as in the country.

The reason that the Porterville Horseshoeing school draws students from throughout America and Canada is because of the school's excellent reputation, gained under the guiding hand of Instructor Hank McEwan, and because there just isn't a horseshoeing school at every bend of the road.

Yet it's getting so that there is a horse to be shod at the bend of a lot of roads, and at the corners of a lot of city streets.

In other words, there is a demand for horseshoers throughout America today. The Porterville Horseshoeing school is meeting that demand, and it is meeting a need that seems apparent in these modern times - a need to train young men in a specific skill for which there is a ready market.

So, if we are correct in our first assumption that many people in the Porterville community do not know that the horseshoeing school exists, we think it's past time that they found out about it.

For here is a bit of successful individual enterprise that we folks in Porterville can sort of point to with pride. And really, we should start pointing.

ANOTHER CLASS - No. 14, graduated this week from the Porterville Horseshoeing school, with members shown above. Bottom row, from left: John Vradenburg; Minneapolis, Minnesota; Jim Howard, Walla Walla, Washington; Gary Faber, Reseda, California; Doug Bean, Kimberly, Idaho; Tim Duffrey, San Diego; and Ron McGowan, Bakersfield.

In back, from left: Hank McEwan, instructor; John McGinty, Central Islip, New York; Bill Rink, Concord, California; Carl Longanecker, Cle Elum, Washington; Gerry Drew, Reno, Nevada; Bob Stone, Lower Lake, California; and Jim Skinner, Las Vegas, Nevada. Another member of the class, Tom Toon, from Atwater, had to leave last week,

since he is a retired Air Force lieutenant colonel who flies now for a commercial airline. He was called back to work to fly American troops to Vietnam. Class No. 15, at the Horseshoeing school, starts March 4, with a full enrollment of 12 members. The course covers a 12-week period. (Farm Tribune photo)

THE CRISIS THAT WASN'T

Today, there are many quick victories over disease. Each might be described as a crisis that didn't quite happen - thanks to today's superior medicinal agents.

Modern medicines prescribed by your physician score amazing triumphs over diseases which, only a decade ago, were almost certain to become dangerously serious.

Present-day pharmaceuticals, such as the antibiotics, require complex equipment, intricate controls and highly skilled technicians for production. Although somewhat higher in cost, they actually are an investment in economy. They effect an earlier cure and cut down expensive sick-bed time.

We are staffed and equipped to fill your doctor's prescriptions promptly at prices that are fair.

'THE SOUND' IS ELECTRIC

We'll have to take part of the credit... or blame... for modern music. The beat. The sound. Electric guitars, electric banjos, electric organs, electric amplifiers. Who knows, maybe even electric kazoos.

We're not necessarily endorsing the present trend. We're just pointing out that none of it could have happened without our product.

There wouldn't be any hi-fi stereos, or radios, or TV to bring you music, either. But

because of electricity, you can tune in the whole world. Music, entertainment, sports, news, everything.

What's it cost you? So little you probably don't even think about it. Fractions of a penny to play a record or watch a television show.

Only electricity can do so much for so little.

We Only Heard

BY BILL RODGERS

AH ME. What wonderful logic cavorts in the mind of a woman.

LIKE WHEN we returned Saturday night from the triumphal presentation of the Jackass Mail medicine show extravaganza at Kernville's Whiskey Flats celebration.

SAID WE to the little lady, "Baby, we're home." Said she, "Splendid. But the show must have been a failure. You got through the door without help." Said we, "Very clever, but on the contrary, our magnificent re-creation of one of the old west's greatest institutions took first

prize." Said she, "Hm." Said we, "First prize, baby, how about that?" Said she, "Hm." Said we, "The show was tremendous. Annie got a blister on her hand and a bruise on her hip playing the tambourine." Said she, "Hm." Said we, "Doc Small's Magic Elixir sold out during the first performance." Said she, "Hm." Said we, "What a day. Bright sun. Clear sky. Happy people. And first prize." Said she, "Look ham, if you can spend a day carousing with your bum friends at Whiskey Flats, you can spend a day working in the yard, like tomorrow." Said we, "But baby, we were donat-

ing our talents for the benefit of the people of Porterville and Springville. Public relations, you know." Said she, "Talent! Ho, ho, ho." Said we, "This was an historic observance of somewhat more than significant significance." Said she, "Tomorrow. The yard." Said we, "Now look, baby, there's no possible connection between the medicine show and the yard." Said she, "Oh yes there is." Said we, "But the cast is going to rehearse tomorrow at the Mountain Lion." Said she, "Interesting indeed. But you won't be there." Said we, "This is ridiculous. We have to sharpen up the show for future bookings." Said she, "Listen, Hamlet. Tomorrow you get out the machete and triumphantly hack your way through the lawn to the back gate." Said we, "Hm." Said she, "Tomorrow!" Said we, "Hm."

OH WELL That machete routine has possibilities. Maybe Doc Small can work it into the medicine show.

"WUTHERING HEIGHTS" will open tonight, for a run through Friday and Saturday as a Porterville high school production in the Memorial auditorium, with Larry Finley, left above, and Muriel Lucey in leading roles. The play, based on the famous Emily Bronte novel, is directed by Drama Coach Don Grace; Denise Kuhlmann is student director. Others in the cast are: Steve Kurtz, Dave Daniel, Bev. Jackson, Holly Lawson, and Allan Weathers. Working on the backstage committee, under di-

rection of Richard Payne, stage craft instructor, are: Betty Turner, Vicki Childers, Jackie Braden, Martha Pearson, Andrea Nathl, Debbie Bennet, Sandi Graham, Ann Messerschmitt, Ginnie Fleischer, Elaine Stahn, Bonnie Powers, Carl Burch, Lonnie Hatfield, Mike Cantrell, Donna Durbin, Larry Owen, Mark Crane, and Richard Osborne; publicity chairman is Cindy Galusha. Curtain time is 8:15 p.m. nightly; tickets will be available at the door for \$1.00 adults, .75 children. (Orange & Green photo)

These distinguished gentlemen of the old west state irrevocably and unequivocally that they will not be influenced by certain saddle bums and trouble makers who have been issuing loud but ineffectual noises during the past several weeks.

In a statement prepared for release today but as yet unreleased, the former wagon masters say, "We will speak, and when we have spoken, we will have spoken and the 1968 Jackass Mail will have a wagon master. That's it, and we mean that's it."

Fresno, including 338 from Porterville; six from Springville; four from Ducor; 28 from Poplar; 64 from Lindsay; 10 from Strathmore; three from Woodville; and 65 from Terra Bella.

Local interest is centered this week on one of the Tulare county fund-raising events for the hospital - the Mr. Moo project, in which a steer is fattened out each year and sold, with money raised going to the hospital.

Mr. Moo V went into the feed pen this week, under the care of Jim Lunstad, a Porterville college Freshman with feed from Farmers Feed in Porterville. The Mr. Moo project is sponsored by the Tulare County Las Madrinias Guild, with Mrs. Mac Williams, of Porterville, serving as general chairman.

The first Mr. Moo was donated by Mrs. Gladys Cooper, of Tipton, and was fed out by the sons of Mr. and Mrs. Bob Bennett, of Porterville. Wall's Livestock Supply, of Porterville, purchased Mr. Moo III.

MR. MOO V is starting to eat himself to death for benefit of the Valley Children's hospital in Fresno - Mr. Moo being a steer, calved June 10, 1967, that will be fed out and sold for benefit of the Children's hospital. The project is being handled by the Tulare County Las Madrinias Guild, with Mrs. Mac Williams, of Porterville, as chairman. All money from the sale of Mr. Moo, and money derived from a contest to guess the weight of Mr. Moo on sale day, goes to the Valley Children's hospital. In photo is Don Johnson, right, of Farmers Feed, in Porterville, the firm that for the second year is donating Mr. Moo's feed; with him is James Lunstad, son of Mr. and Mrs. Pete Lunstad, who will take care of Mr. Moo. Lunstad is a freshman at Porterville college, a five-year member of the Rockford 4-H club, and a Porterville Future Farmer for four years. Mr. Moo will be sold in September.

The hospital is one of the three first hospitals in which open-heart surgery became possible; it has a complete care and clinic facility for the mentally disturbed; it also has a full-time child psychiatrist.

Asparagus cutting is underway in Monterey, Orange and Imperial counties.

ROCKY HILL 4-H MEMBERS WORK FOR HEART FUND

ALTA VISTA - Members of the Rocky Hill 4-H club worked February 18 in canvassing funds in the Tulare County Heart Fund drive, with Connie Smith turning in the largest contribution, and Linna Lasure running second.

Parents helping with the drive, conducted in a section of the Alta Vista area, included: Mrs. Charles Kempf, Mrs. Gene Moore, Mrs. Mene Ramos, Frank Nieblas, and Frank Smith.

At February meeting of the Rocky Hill club, plans were made for an educational tour during Easter vacation; for a snow party in March; and for a roadside cleanup campaign in the vicinity of the Alta Vista school.

Craig Nieblas demonstrated care of a lamb in fitting it for a fair, using his project lamb that he is

pointing for the porterville fair. Recognition was given Linda Gentles, club secretary for having been chosen the representative to model at a Clothing and Textile conference in Visalia.

Presiding at the meeting was Patricia Kempf, club president; Brenda Morris and Kathy Hoover led the flag salute; and Reggie Lewis and Lee McQueen led songs.

tain in the U. S. Navy, and Fred, an Attorney at Law in Oakland. They live in their home at 83 South Corona drive on Murry Hill in Porterville where they have lived since 1929. They have eight grandchildren.

Cummings' mother, Mildred McGee, his wife, his son, Ward, and his grandson, Charles John, were all born in Porterville. His father Charles Cummings Sr. and his mother were married in Tulare county.

For about seven years he was employed as a special agent for the Standard Oil Company of California, traveling over much of the state. For about three years he was the local manager for the Doyle Tractor and Equipment company before quitting this position to enter business for himself.

He owned, and operated for many years, five public grain storage warehouses, a feed mill and store, a grain brokerage business, an insurance agency, and the Cummings ranch south of Porterville where he raised cotton and

poultry and operated a cattle feed yard and a complete poultry processing plant.

Cummings served in the first World War. In December, 1918, he received an appointment to West Point Military academy from President Woodrow Wilson but he refused it. He was honorably discharged from the Central Infantry Officers Training school at Camp McArthur, Waco, Texas.

He is a 50-year member of the Porterville American Legion Post 20, and has been a member of the First Baptist Church of Ducor since he was in his teens. Is a Past Master of the Porterville Masonic lodge.

Cummings was Porterville city manager for about seven and one-half years, and was mayor of Porterville for 10 years. He served three four-year terms as Porterville city councilman.

He was one of the promoters of the Porterville Municipal airport and was on the Airport committee for many years.

He and his wife Elizabeth gave the land to the City of Porterville for the

North Main Street park where the historic marker is located.

They also gave land to the city in the creation of the Porterville Municipal Golf course.

He was one of the promoters of, and is an exhibitor in the Porterville museum, he is a member of the Porterville chamber of commerce and the Tulare County Farm Bureau.

Cummings was vice-chairman of the Mt. Whitney Council, Boy Scouts of America, for several years.

He has been an honorary member of the Porterville Kiwanis club, the Porterville Lions club and the Porterville Rotary club.

He is a director of the Southern Tulare County Sportsmen's association.

Cummings was one of the original promoters who financed the study and survey that resulted in the start of Success dam, and is still a director of the Terminus-Success Dam's association.

He is a past director of the Poplar Ditch company.

He is one of the three trustees handling the William Pitt Bartlett estate that has given boys and girls in Porterville schools over \$60,000.00 in scholarships.

He is a past president of the San Joaquin Division of California cities and a past director of the League of California Cities.

Cummings is a director of the San Joaquin Valley Supervisors association, and a director of the County Supervisors Association of California.

He has been a working farmer, cattle rancher and businessman most of his life.

He says he likes people and would like to continue

married the former Barbara Frame, of Porterville.

Schmid has been active in civic affairs, and was chosen "Young Man of the Year" by the Junior chamber of commerce in 1957. For 20 years, he has devoted much effort to the development of the Porterville Fair, and his work with 4-H clubs, Boy Scouts and Little League baseball, which he organized and served as president for two years, indicates a special interest in young people.

A past-president of 20-30, the Quarterback club, and the Porterville College Alumni association, he is a member of the Porterville Lions club and Porterville Elks lodge, and is currently president of the Tulare County Navy League council.

The Schmid's have three children still at home; their eldest son is a junior at the University of Nevada.

Priftike, a former Porterville city auditor, has

to work with, and help them with their problems.

He is running for re-election on his record as a successful farmer, businessman and proven dedicated public servant in his district for the past 39 years.

Cummings says that if re-elected he pledges to continue to be a full-time county supervisor, striving to secure and give the citizens of Tulare county the very best, most efficient economical kind of local government possible at a price they can afford to pay, and that he will continue to be consistent in his drive for the reduction of property taxes.

also been a realtor for the past 10 years. He was formerly associated for several years with a savings and loan association, where he served as manager.

He is a native of Porterville and was educated in Porterville schools. During World War II he served with the First Filipino Infantry, having been commissioned at Fort Benning in 1942.

The appointments were made by the board of directors of Mineral King Savings and Loan association and by the local advisory board for the new branch office of the 81-year old firm. Members of the advisory board are Robert W. Bennett, president; Pete Suhovy, vice president; William R. Rodgers, secretary; Harold B. Wyatt and Wilbur O. Dennis.

Thursday, Friday and Saturday are Sadie Hawkins Days in Porterville. This gives the girls a chance to nail a husband and the merchants a chance to unload their white elephants - or at least some slightly gray ones. We have a few of these and we hope you'll forgive us for mentioning them.

For instance fruit trees which are usually one ninety five are one fifty nine in honor of Sadie the unmarried one. Walnut trees are reduced from four seventy five to two twenty nine. These are soft shelled, white meated, English Walnuts - all grafted and ready to go. These last would make good shade trees as would the large fruitless mulberries which we are peddling for three seventy nine. These trees are almost large enough for Abner to hide in and surely big enough to hold a grandchild or two.

For the color loving ones the pansies are fifty nine cents a dozen, red leaf plums are twenty nine each and extra-gro dichondra food to make things green and gorgeous is fifty cents off the usual price. Last but not least all bush and climbing roses are twenty five per cent off so come on along and see what Sadie has to offer.
